

# DuBois February Newsletter

## Pre-K

### Ms. Kylie

- To welcome in the New Year we will be studying the Exercise study. We will talk about having a healthy body, eating healthy, and exercise.
- Please remember to dress your child in a warm winter coat. We will go out daily (weather permitting). You can also bring boots for your child to wear. As you know, our playground does get very muddy!
- Please continue to send in a mask daily with your child. If you like, they may keep a zip locked extra mask in their cubby.
- Please remember to check your child's folder daily. We have a few papers that need signed and returned.

## Pre-K/HSSAP

### Ms. Lisa

- After the completion of the Clothing Study, we will start the Exercise study.
- The newest policy is that masks will need to be worn at all times (except when they are eating), even when we are outside, please be working with your child to wear a mask.
- Reminder of winter happenings:
- We are required to go outside daily as long as the "feels like" temperature is above 25\*
- Any weather cancellations will be remote learning days. Your child can complete the activities I will post on the class Facebook page, or log onto the HATCH ignite app and work on the games/activities there
- For those interested, I will start posting the menus on the class Facebook page. I will try to crop them down to the meals we actually get (breakfast and lunch), but if I cannot, please remember, our class does not receive "snack."

## Head Start

### Ms. Stephanie

- In the month of February, we will be continuing the Clothes Study, and then move on to Pets.
- We will continue to complete virtual learning every other week, and on snow days. You are responsible to complete an activity every day and update Miss Stephanie when completed.

### **Ms. Brandi**

- In the month of February, we will be continuing the Building Study.
- We will continue to complete virtual learning on snow days. You are responsible to complete an activity every day and update Miss Brandi when completed.

### **Ms. Maryann**

- Please remember to notify me and to keep your child home if s/he has any symptoms that could be Covid related, or if s/he has had exposure to someone who has tested positive. We all need to do our part to stop the spread of this terrible virus.
- We are working on our Pet Study; if you have a pet, please send in a picture of the pet for our Pet Board.

### **Ms. Tatiana**

- Each few weeks has brought us some new challenges + milestones to overcome, but you all have done it so well! We should all be very proud of what we have been able to accomplish over the last few months when school sessions have been slim. I am so thankful and grateful for all of the parents who have continued to show their child endless support and encouragement through this time. This had been a hard year filled with so many unknowns, but I continue to be optimistic that we will be able to accomplish your child's goals and guide them in their learning towards success. Please continue to involve yourself deeply and passionately into your child's education. They need you now more than ever! Let's continue to help those minds grow and flourish, together.
- Please feel free to reach out for support and encouragement anytime you need it!

### **Ms. Emily**

- Happy February! We are finishing our clothing study and will be moving on to our Pet Study.
- We will be learning all about pets and different kinds of animals! If you would like to share a picture of your own pet, please email me or share through Remind!
- As a reminder, attendance is very important, whether we are doing in person or remote learning.
- I will continue to send updates home in the folders. Please be sure to practice these lessons at home.

### **Miss Kathi**

- We started back to in person classes last month. My hope is that in person will continue for the rest of the year.
- Please remember to notify me and to keep your child home if s/he has any symptoms that could be COVID related, or if s/he has had exposure to someone who has tested positive. We all need to do our part to stop the spread of this terrible virus.
- We are working our way through the Clothing Study that we began during remote learning at the beginning of January.
- We are also getting back on track with the safety lessons. This is something I did not continue while doing remote learning because not all children attended the class zoom meetings, and it's very important for all of the children to receive the information taught in these lessons

## **Early Head Start and Family Center**

### **Ms. Elizabeth**

## Upcoming Events

### PBIS/Sanctuary Highlights

- Be Safe
- Be Kind
- Be Respectful

- The next Policy Council Meeting is February 16, 2021.

### Reminders to Parents

- Visit us on the website: [www.cenclear.org](http://www.cenclear.org)
- Continue to log your volunteer hours and turn in your log by the end of the month
- Keep an extra set of clothes in your child's backpack
- Ask your teacher to connect you to Ready Rosie!
- Please make sure you are checking your child's folders every day, as well as cleaning the items out that we send home.
- We go outside daily. Please send in boots, hats, and gloves
- Please remember to dress your child for the weather. We will go outside for gross motor time as long as the feels like temperature is above 25 degrees.
- As a reminder, attendance is very important, whether we are doing in person or remote learning.
- Please remember to notify me and to keep your child home if s/he has any symptoms that could be COVID related, or if s/he has had exposure to someone who has tested positive. We all need to do our part to stop the spread of this terrible virus.

### Student Acts of Kindness!

The following students are being recognized for the good things that they do:
