Wingate Elementary

Ms. Lynda

Hard to believe we are on the month of February.

- Our class finished the month, January, on boxes. We learned boxes we could use boxes in many ways. One fun way is to stack boxes on top of each other to make a tower. Another use for boxes was to build forts. Some students built a house for Mr. and Mrs. Potato Head. Boxes was a fun study for our class.
- We will begin this month of February learning about hibernation, and natural ways animals survive. Groundhog Day will help us begin this study. We will make a prediction about Punxsutawney Phil. Will he see his shadow or not?
- Our class has earned a pajama day for filling a "Good Choices" jar with pom poms.
- Then ending the month of February with signs. Signs are all around so our Head Start class will have so many things to share, learn and know about signs.

The month of February will be full excitement and learning.
