Oh, the and things you can celebrate and learn.

- We are starting out the month by celebrating Dr. Seuss' s birthday. Mr O., school principal, will be reading one of his favorite Dr. Seuss' books to our class.
- During the study of Dr. Seuss, we will be non-standard measuring with cut out feet (*The Foot Book*), counting apples, (*Ten Apples on Top*) and taste testing green eggs and ham (*Green Eggs and Ham*) along with other activities. It will be a week long celebration.
- In the middle of the month, Head Start class will be celebrating St Patrick's day. We will celebrate by wearing green, measuring and counting leperchuns and shamrocks, playing learning games and dancing a little jig.
- Then in the mid- March we will take some time to celebrate Mr Roger's birthday. We will celebrate his b-day, learning and talking about emotions and kindness to others.
- Lastly, ending the month of March, our class will learn about Spring, seasons changing, weather and different types of weather.

Oh, the things Head Start will celebrate and learn in the month of March.
